From the Survivor Outreach Services Coordinator

Did you know...?

The Tragedy Assistance Program for Survivors (TAPS) is one of several organizations, such as MOAA, that supports Survivors of fallen military service members by advocating for policy and legislation to improve programs and services provided by the Federal, State, and Local government agencies.

Some of the legislative priorities this year for TAPS include the following:

Pass Landmark Toxic Exposure Legislation

TAPS supports the passing of the COST Of War Act (S. 3003) and the Honoring Our PACT Act (H.R. 3967). These Senate and House landmark bills will ensure veterans exposed to toxins and airborne hazards get immediate, lifelong access to VA healthcare.

Introduce Comprehensive Remarriage Bill

This bill will remove the age requirement of waiting until age 55 to remarry in order to retain military benefits. The bill will allow surviving spouses to retain Fry Scholarship and Dependents Education Assistance (DEA) education benefits; allow remarried surviving spouses to keep Commissary and Exchange benefits; and, allow surviving spouses to reinstate TRICARE benefits if the remarriage ends in death or divorce.

Honor All Gold Star Families

The Gold Star Families Day Act advocated for by TAPS will enact a federal holiday as a national day of remembrance for those who have lost a service member while serving or from a service-connected injury or illness, regardless of manner of death, location, or time of death.

More information about the above legislation, as well as additional legislation to support Survivors, is available at www.taps.org/advocacy/priorities#goldstarfamily. A list of legislative accomplishments by the organization in 2021 is available at the above link, too.

TAPS is just one of many organizations with whom Survivor Outreach Services works to ensure the needs of our Survivors receive the necessary awareness. Doing so not only improves the wellbeing of our Survivors, but also assures our Survivors that they are forever part of our military family.

One last thing before closing, April 5th is Gold Star Spouses Day. Along with many others, Survivor Outreach Services honors our Gold Star Spouses and remembers the ultimate sacrifice paid by our service members on this day and every day. To our surviving spouses reading this, know that you are forever in our thoughts and prayers and we will forever remember your service member. If you know a Gold Star Spouse, reach out and let her or him know you are thinking about them.

ALWAYS REMEMBER!!

Legislative Liaison Update

It is springtime in DC. Our legislators will be in their district for their Easter break this month. They just passed an omnibus funding bill. This makes it a good time for us to Thank them for all they do for us.

The TriCare cost controls, suspension of cuts to uniformed medical personnel, and toxic exposure provisions in the NDAA are all held hostage due to the lack of an approved NDAA budget.

This year's MOAA Advocacy in Action event will be virtual again during April. The focused week will be April 25th through 29th. Be watching for MOAA communications detailing this year's topics.

We can anticipate that military pay parity and TriCare / healthcare cost controls will be highlighted again this year.

The MOAA web site has easy ways to e-mail our concerns to our legislators – check it out at www.MOAA.org.

As the world watches and reacts to Mr. Putin and his actions in the Ukraine, we must continue to be the voice for our men and women in uniform.

Let's ***Never Stop Serving!***

MOAA's Legislative Priorities for 2022

- **Sustain pay raises and adequate BAH for the troops and COLA raises for retirees.**
- **Ensure the Coast Guard, National Oceanic and Atmospheric Administration, and Public Health Service continue to receive pay during a government shutdown.**
- **Protect the value of the military health care benefit.**
- **Protect the Military Health System pharmacy benefit, and achieve flexibility in TRICARE pharmacy copays.**
- **Address barriers to accessing care within the MHS, including TRICARE coverage gaps and mental health care access challenges.**
- **Protect family support programs, and ensure military-provided services (housing, PCS, child care, youth programs, financial counseling) are readily available and meet standards for quality and costs.**
- **Achieve equity of benefits, protections, and administrative support for Guard/Reserve members consistent with their active-duty counterparts.**
- **Sustain Veterans Health Administration (VHA) foundational missions and services.**
- **Reform the presumptive process to support veterans claiming service-connected disabilities for toxic exposures.**
- **Achieve concurrent receipt of service-earned retirement pay and VA disability pay.**
- **Protect full military honors and burial at Arlington National Cemetery for those currently eligible.**
- **Improve Survivor Benefits.**
- **Support a quality transition experience from active duty to veteran status for all servicemembers.**
- **Recognize the pandemic continues to affect the lives of our servicemembers.**

MOAA accomplishments in 2021

- **Repealing SBP-DIC offset**, known as the ‘Widows Tax’ – saving up to \$12,000 per year for nearly 67,000 surviving spouses.
- **Executing a credible game plan for oversight of DoD’s health care** – protecting continued access to quality care.*
- **Securing comprehensive privatized military housing reform** – improving housing, establishing Tenant Bill of Rights, and Congressional oversight.*
- **Lessening impact of TRICARE fee hikes** (Family = \$300 vice \$900) – fighting multiple efforts to end grandfathering for those who entered service before Jan. 1, 2018.*
- **Protecting TRICARE For Life (TFL)** – blocked five consecutive administration budgets proposing TFL enrollment fees (2013-2017).*
- **Maintaining pay raise comparability** – ensuring pay raises for our uniformed services keep pace with civilian sector increases.*
- **Providing Wounded Warrior protections and caregiver enhancements** – securing multiple improvements to VA caregiver programs.*
- **Defeating ‘COLA Minus 1 Percent’** – ending Congressional attempts to reduce retired pay, costing an E-7 retiring after 20 years \$83,000, and an O-5 \$124,000, by age 62.*
- **Securing major GI Bill upgrades to include transferability** – and improving benefits for National Guard on Title 32 orders.*
- **Boosting compensation significantly for retirees with 50% VA disability** – still fighting for the rest to include those medically retired.*
- **Improving Guard and Reserve TRICARE coverage** – and securing a premium cut.
- **Ensuring Guard and Reserve retirement age credit for active duty service** – now allowing 90 days to stretch over two consecutive years.

From the Chapter Chaplain

SOLDIERS ALSO NEED GOD.

Sometimes civilians forget that soldiers are people too. While it is true that your lives are more disciplined and usually mission focused, soldiers also need God! Nowhere is this better illustrated than in the life of the Roman

Centurion Cornelius. As you know, Rome conquered and occupied the nation of Israel. Jews despised and feared them, especially a Centurion, who was the principal professional officer in the armies of ancient Rome and its empire. The centurion was the commander of a *centuria*, the smallest unit of a Roman legion. A Roman legion was nominally composed of 6,000 soldiers, and each legion was divided up into 10 cohorts, with each cohort containing 6 *centuria consisting of 100 men each*. Often these soldiers were the brutal “face” of Rome among the Jewish population. How unusual it was that the Jews would love and revere a centurion!

Luke’s historical record, Acts, chapter ten, describes him this way, “Now there was a man at Caesarea named Cornelius, a centurion of what was called the Italian cohort, a devout man and one who feared God with all his household, and gave many alms to the Jewish people and prayed to God continually.” Cornelius was the kind of man everyone hopes would attend their church! And yet, his soul was troubled. However good and religious he could be, Cornelius still needed something more. That something was the good news about Jesus. Being religious

and well thought of was not enough.

Luke continues writing, “About the ninth hour of the day Cornelius clearly saw in a vision an angel of God who had just come in and said to him, ‘Cornelius!’ and fixing his gaze on him and being much alarmed, he said, ‘What is it, Lord?’ And he said to him, ‘Your prayers and alms have ascended as a memorial before God. Now dispatch some men to Joppa and send for a man named Simon, who is also called Peter; he is staying with a tanner named Simon, whose house is by the sea.’” Cornelius sent for Peter saying, “I sent for you immediately, and you have been kind enough to come. Now then, we are all here present before God to hear all that you have been commanded by the Lord.” After recounting the recent events of Jesus’ life, death, burial, and resurrection, Peter reminded Cornelius of what the Scriptures had foretold, “‘Of Him all the prophets bear witness that through His name everyone who believes in Him receives forgiveness of sins.’”

” Cornelius and his entire household heard and believed the good news about Jesus! “While Peter was still speaking these words, the Holy Spirit fell upon all those who were listening to the message.” Cornelius understood the chain of command and was ready to obey and put his trust in the good news of Jesus! Hopefully that will be true of each one of us! Like Cornelius, we must understand and accept that Jesus is the only Savior who died on our behalf and rose again, satisfying all of God’s requirements for righteousness and justice. Because of Him, God may offer us forgiveness and acceptance.

MISSION OF THE LINCOLN LAND CHAPTER

Military Officers Association of America

The Lincoln Land Chapter's mission is to foster fraternal relations among the retired, active and former uniformed services and their National Guard or reserve components;

to protect the rights and interest of same to include dependents and survivors;

to further promote useful services for members of the former and current members of the Armed Forces and their dependents and survivors;

and to serve the community to the fullest extent possible.

MOAA is the nation's largest and most influential association of military officers. It is an independent, nonprofit, politically nonpartisan organization.

While MOAA is permitted by law to lobby—and does so actively—its status as a tax-exempt veterans organization precludes it from participating in political activities, which are defined as intervening directly or indirectly in any political campaign on behalf of or in opposition to any candidate for public office.

Stated briefly: the association may advocate issues, but it may not advocate the election or defeat of particular candidates or political parties. This newsletter follows the policies of MOAA National.

Reasons to Join a MOAA Chapter

You know the value of belonging to MOAA and your chapter. But when you're talking to a potential new chapter member, it's important to remember that many officers might have only limited knowledge of MOAA's chapter system.

Creating a dialogue and asking open-ended questions is the best way to find out if and how a chapter membership could help a prospective member.

Find out as much as you can about their priorities in order to tailor a response that is more likely to resonate with them personally.

Here are some aspects of membership that may appeal to them.

- 1. Make yourself heard.** MOAA's chapters provide critical grassroots support for MOAA's national legislative agenda. Chapter members let their legislators know what's on their minds and open doors for MOAA's legislative team in Washington, D.C.
- 2. Give back to the community.** Chapter members are MOAA's ambassadors in their communities, supporting countless programs that make a difference in the lives of others. These members continue to serve and are giving back in the truest sense.
- 3. Value added to chapter members' lives.** MOAA chapters sponsor interesting programs and opportunities to interact with civic, political, military, and business leaders on issues important to members.
- 4. Networking with fellow officers.** Chapters include second-career members in the work force and retired service members who have contacts in their communities that can be valuable to transitioning officers.
- 5. Stay informed.** Chapter newsletters, websites, and meetings provide you with the latest information on local, state, and national issues and changes to military benefits.
- 6. Influencing state legislation.** Most states have a council of chapters that unites chapters in the state. These councils, and independent chapters in states without a council, often lobby for and pass state-level legislation that affects military members and their families, such as exempting military retired pay from state income tax or increasing funding for state veterans' programs.
- 7. Camaraderie with a purpose.** MOAA chapters unite active duty, former, and retired officers from every branch of service, including National Guard and Reserve, as well as surviving spouses, offering the opportunity to connect with others with similar backgrounds and interest and develop close and lasting friendships.

All about MOAA

The Military Officers Association of America (MOAA) is the country's leading organization protecting the rights of military service members and their families. Those who belong to MOAA not only lend their voices to a greater cause, but they also gain access to extensive benefits tailored to the needs and lifestyles of military officers. MOAA members proudly hail from every branch of the uniformed services. To them, we have made the same promise that they have made to their country: Never Stop Serving. MOAA's greatest mission is to improve the lives of those who serve and their families, which is achieved largely through the tireless advocacy efforts taking place in our nation's capital. MOAA's experts in Washington are there to support legislation that benefits the military community and are equally vigilant when fighting to stop legislation that threatens our livelihood. The larger our numbers, the greater our voice. Membership is open to active duty, former, retired, and National Guard and Reserve commissioned and warrant officers of the uniformed services and their surviving spouses. MOAA is the nation's largest and most influential association of military officers. It is an independent, nonprofit, politically nonpartisan organization. With more than 350,000 members from every branch of service - including active duty, National Guard, Reserve, retired, former officers, and their families - we are a powerful force speaking for a strong national defense and representing the interests of military officers at every stage of their careers. MOAA's highest priority is providing first-class service to our members. We are the leading voice on compensation and benefit matters for all members of the military community. We provide expert advice and guidance to our members. While the association does advocate a strong national defense, it does not, as an association, become involved in matters pertaining to military strategy or individual weapons systems of the various services. The association's board of directors has long believed that such decisions can be made only by those who have all of the facts available to them: today's actively serving military leadership. The association plays an active role in military personnel matters and especially proposed legislation affecting the career force, the retired community, and veterans of the uniformed services. MOAA's overarching goals are captured in its resolutions, which reflect the views of the entire membership. The membership provides input and votes on resolutions every two years (on even years). While MOAA is permitted by law to lobby - and does so actively - its status as a tax-exempt veterans organization precludes it from participating in political activities, which are defined as intervening directly or indirectly in any political campaign on behalf of or in opposition to any candidate for public office. Stated briefly, the association may advocate issues, but it may not advocate the election or defeat of particular candidates or political parties.
